## Lesson 6 “Quick” Write Assessment

\*This assessment has two parts.

---

Part One: Respond to either prompt A or B:

A. Reread the two paragraphs of text, “That first afternoon, the nuns gave us free rein” through “We supplemented these holes by digging some of our own” (p. 227). Based on these two paragraphs, how is the pack’s initial experience at St. Lucy’s, “new, exciting, and interesting?” Write a paragraph response using your annotations to identify 2-3 pieces of strong textual evidence for your answer.

B. Reread the section of text that begins with the paragraph, “We had just sprawled out in the sun for an afternoon nap” through the Stage 2 epigraph (pp. 228–229). What does this section reveal about the pack’s human and wolf-like characteristics? Write a paragraph response using your annotations to identify 2–3 pieces of strong textual evidence for your answer.

Part Two: Respond to prompt C.

C. Based on the lesson’s discussion and text evidence annotated, how accurately does the Stage 1 epigraph represent the pack’s initial experience at St. Lucy’s? Write a paragraph response using your annotations to identify 2–3 pieces of strong textual evidence for your answer.
